

## **Innovation, Investment, and a Global Meeting Point: IDEX Istanbul 2025 Showcased the Future of Dental Technologies in the Heart of Istanbul**

With over **98,595 dental industry professionals** from more than **135 countries** and **700+ companies** including **132 international exhibitors** from over **50 countries**, **IDEX Istanbul 2025** reaffirmed its position as the region's key innovation hub and one of the most significant global events in the field of oral and dental health.

As the **largest dental fair in Türkiye and the region**, and the **second largest international dental exhibition worldwide**, IDEX Istanbul 2025 went far beyond being a conventional industry gathering. It served as a vital step forward in shaping the digital and rapidly evolving future of dentistry. The energy across the halls was unmistakable, as dental practices, clinics, and labs engaged in direct exchanges of innovative ideas, technologies, and collaborative opportunities.

More than **700 companies** from **48+ countries** exhibited the latest advancements in dental medicine and technology. Exhibitors demonstrated strong professional depth and enthusiasm, while **nearly 100,000 visitors** approached the fair with keen interest and a strong appetite for investment. The high turnout from Türkiye, the Middle East, Europe, and Asia further highlighted the international scope of the event. Compared to the previous edition, visitor attendance grew by **5 percent**.

Beyond the impressive numbers, **IDEX Istanbul 2025** distinguished itself through high-value business networking, **hands-on courses**, and accredited scientific sessions. Emerging themes included **digital dentistry solutions**, **AI-supported clinical technologies**, **advanced CAD/CAM systems**, and **biocompatible materials**—all of which are shaping the sector's future.

## **Praise from National and International Stakeholders**

Numerous associations and professional representatives commended IDEX Istanbul 2025 for creating a comprehensive and future-oriented platform where both established experts and new talents could engage, explore, and innovate together.

## **IDEX Istanbul 2025 in Numbers**

- **Number of Exhibiting Companies:** 700+
